Incoterms 2010® e Regole di Rotterdam

Incoterms 2010® and Rotterdam Rules

The purpose of the paper is to investigate the possible influence of the Rotterdam Rules, when they will enter into force, on the Incoterms® 2010. Such investigation is made in respect of the terms of sale relating to Contracts of carriage (A3/B3), Delivery (A4/B4), Delivery Documents (A8/B8) Checking, Packaging, Marking (A9/B9) with regard to the provisions of the Rotterdam Rules in respect of the Obligations of the Shipper to the Carrier (Chapter 7) and the Rights of the Controlling Party (Chapter 10).

Both the Rules for any mode or modes of transport and the Rules for sea and inland waterway transport are considered and the analysis is carried out in respect of each individual type of sale.
